

Roald Dahl's Willy Wonka Jr.

January 17 - 26, 2025

Fridays & Saturdays at 7:30 pm

Sundays at 3:00 pm

2nd Street Stage

Hannah Block Historic USO/Community Arts
Center

120 South 2nd Street

Roald Dahl's Willy Wonka JR. follows enigmatic candy manufacturer Willy Wonka as he stages a contest by hiding golden tickets in five of his scrumptious candy bars. Whomever comes up with these tickets will win a free tour of the Wonka factory, as well as a lifetime supply of candy. Four of the five winning children are insufferable brats, but the fifth is a likable young lad named Charlie Bucket, who takes the tour in the company of his equally amiable grandfather. The children must learn to follow Mr. Wonka's rules in the factory — or suffer the consequences.

About the Thalian Association

Thalian Association Community Theatre is a non-profit, membership organization that's dedicated to enhancing the rich artistic environment of the Cape Fear region. Tracing its roots back to 1788, the Thalian Association Community Theatre was founded to provide arts education and bring the excitement of the performing arts to Wilmington, North Carolina. Today the Thalian Association Community Theatre produces five major productions annually on the Main Stage at historic Thalian Hall, offers a Youth Theatre program and professionally manages the Hannah Block Historic USO/Community Arts Center for the City of Wilmington. In 2007, the North Carolina legislature named the Thalian Association Community Theatre the Official Community Theater of North Carolina.

Willy Wonka's Chocolate Factory Math

Answer the questions below. First, write your answer to the question under 'Answer.' Try to come up with an equation for each question using the symbol x for the unknown part of the question. Then under 'Rationale' write a sentence or two describing your reasoning and how you solved the problem.

1. If Charlie Bucket opens 12 chocolate bars each day for two weeks to find a Golden Ticket, how many chocolate bars in total would he open?

a. Answer:

b. Rationale:

2. If Violet Beauregarde chews 9 pieces of bubblegum each hour for an entire day, how many pieces of bubblegum would she chew in total?

a. Answer:

b. Rationale:

3. If Augustus Gloop drinks 7 gallons of the Chocolate River every hour for 12 hours, how many gallons of the Chocolate River would he consume?

a. Answer:

b. Rationale:

4. If Mike Teavee watches 14 hours of TV every day for a week, how many hours of TV would he watch in total?

a. Answer:

b. Rationale:
