

CAPE FEAR ACADEMY

TECHNICAL THEATRE

2018 Summer Intensive

The Cape Fear Academy Technical Theatre Summer Intensive is a one-of-a-kind three week/half-day technical theatre program exploring every facet of theatre set design and construction.

This summer we will design and build Thalian Association Community Theatre's production of *Steel Magnolias* at the Brown Family Theater in the Erin E. McNeill Fine Arts Center at Cape Fear Academy.

Students Designers will then attend the **OPENING NIGHT PERFORMANCE as VIPs!**

LEARN HOW TO:

- Safely utilize hand and power tools for set construction
- Review a script and break it down into its scenic elements
- Interpret set design plans and how to turn them into actual set pieces
- Navigate the Scene Shop and its many tools and uses
- Utilize set construction techniques and practices to build scenery
- Apply basic set painting techniques to a design
- Assist in a set load-in into the theater
- Employ set dressing to put the finishing touches to the set before Opening Night!

WEEK ONE - July 16-20 | 1:00 - 4:00 PM • **WEEK TWO** - July 23-27 | 1:00 - 4:00 PM
SET LOAD-IN - July 28 | 9:00 AM - 1:00 PM • **WEEK THREE** - July 30 - Aug 3 | 1:00 - 4:00 PM
OPENING NIGHT - August 3 - Time TBD

Age Group: Rising High School Grades 9-12 | Camp Size: Ten Students | Cost: \$650 per student for three weeks
