Step into the magical kingdom of Auradon where your favorite Disney heroes and their descendants live together in harmony. Every evil villain has been banished to the Isle of the Lost, an island prison where they are prevented from using magic. However, Auradon is thrown into turmoil when the children of Maleficent, the Evil Queen, Cruella De Vil and Jafar are released from the Isle of the Lost and travel to Auradon to attend prep school! The children of Disney's worst villains are forced to decide between following in their parents' footsteps or finding their own path.

## Mind Map Activity: Hero or Villain?

The characters in Disney's Descendants the Musical are all heroes and villains from Disney stories. However, Descendants flips the idea of heroes versus villains around, making the villains the main characters.

In this activity you will discover what makes a character a hero or a villain. Think about the typical characteristics of each. What traits do heroes have? What about villains?

Using the template provided, create a Mind Map of hero and villain characteristics.

**Step 1:** In the space below, write down traits, characteristics and ideas that describe heroes and/or villains.

**Step 2:** Circle each word and draw a line to connect it to the Hero bubble or the Villain bubble. If the word applies to both heroes and villains, connect it to both bubbles.

**Step 3:** After completing your Mind Map, discuss your results with your class or a partner. What do your Mind Maps have in common? How are they different? What common traits do heroes and villains have?
